Summit County Service District #7  
Summit County Courthouse  
Coalville, Utah 84017

Dear Sirs:

Re: Summit County Service District #7, Henefer Mine, ACT/043/002, Summit County, Utah

In June 1989, Interstate Brick Company filed a Notice of Intention to Commence Small Mining Operations with the Division of Oil, Gas and Mining (Division) for the Henefer Mine. This notice was assigned a file number of S/043/011. Due to a clerical data entry error, the file was listed under Interpace Industries, instead of Interstate Brick. Because of this error, the annual reports for the years 1989 and 1990 were sent to Interpace Industries. Upon discovery of this error, the Division initiated a closer review of the files for the Henefer site.

From review of current and archived Division files, we find that in 1978, the Division signed an agreement regarding the transfer of the open pit Henefer Mine, permit/file number ACT/043/002, from Interstate Brick Company to Summit County for use as a sanitary land fill. Summit County was to be held responsible for ultimate reclamation of the site once the pit was filled up. From 1978 to the present, no annual reports for this operation have been received by the Division from Summit County. Interstate Brick did continue to send in annual reports for a number of years, but has more recently stated that Summit County should be filing these reports because of the transfer that took place in 1978.

In order to assess the current condition of this site, the Division requests that Summit County complete the enclosed annual report forms for the Henefer mine for the years 1989 and 1990 for the Henefer Mine. We will not require you to file for the years 1978-1988. A member of the Division staff will conduct an inspection of the site as soon as scheduling and weather conditions allow.
